Business: The group's principal activity design and manufacture high-performance commercial boats used by fire, police, and military personnel for fire, rescue and patrol. The groups products combine innovative designs with power, safety, handling and stability to create boats designed to protect and save lives. The innovative patents and patents-pending that we license, give the boats eye-catching visual market retention, and a competitive advantage in the boating industry, home defense and world markets. Each model of commercial boats comes equipped with mercury marine sport jet 175 xr2 two stroke engines that generate 175 horse power, and mercury marine single stage axial flow jet pumps. The boats come with a two-year warranty on the engine, the fuel system, and the electrical system, and a five-year warranty on the hull.

Business: The group's principal activity is to provide high-powered community repeater dispatch services to businesses and government agencies throughout the United States. The group's customers are government agencies and private carriers providing telephone service to remote towns and villages with low density populations. The customers of the group primarily consist of businesses and government agencies located in both metropolitan and rural geographic regions. The operations performed by the group include billing, maintenance of subscriber records and federal communications commission licensing activities. As of 31-Dec-2003, the group serves approximately 550 trunked dispatch customers in selected major metropolitan areas utilizing over 10,000 subscriber units in 6 states.
