Business: The group's principal activities are to manufacture and market polymer products and distribute tools, equipment and supplies used in automotive underbody repair. Its operations are classified into two segments: manufacturing and distribution. Manufacturing segment designs, manufactures and markets polymer based plastic and rubber products for the industrial, agricultural, automotive, commercial and consumer markets worldwide. Products include plastic material handling containers, storage boxes, rubber OEM parts and tire repair materials sold under the buckhorn, dillen, listo, patch rubber and raaco brand names. Distribution segment includes tools, equipment and supplies such as computerized alignment systems, tire balancers, tire patches, repair cement and small hand tools distributed to the tire, wheel and automotive underbody service specialists. On 10-Mar-2004, the group acquired atp automotive, inc.

Business: The group's principal activity is to develop and manufacture generic and brand pharmaceutical products. The group operates through two segments: generic segment and brand segment. The generic segment manufactures generic pharmaceutical products that are therapeutically equivalent to a brand name product. These products are marketed to pharmaceutical wholesalers and distributors, drug store chains, group purchasing organizations, institutions and governmental agencies. The brand segment manufactures branded pharmaceutical products that are generally patent protected products marketed directly to health care professionals by a single provider.
