Business: The group's principle activity is to conceptualize and produce television programs for worldwide distribution across multiple media platforms from traditional television broadcasters, either terrestrial or cable/satellite to Internet and broadband. The group is an entertainment content provider and independent record label, whose market is the global entertainment/music consumer. The group intends to market and sell recorded material through customary industry methods including traditional music retailers, chain stores, retail mega-stores, music clubs and Internet-based retailers. The group also intends to target and acquire revenue-producing, entertainment-based assets such as existing music publishing catalogs.
