Business: The group's principle activities are to provide outsourced labor and operational resources on a long-term contractual basis. It is divided into two service lines: staffing services and information technology services. The staffing services division provides temporary workers for short-term needs, extended-term temporary employees, permanent, permanent placements, payroll processing, on-site supervising and permanent source consulting. The information technology services division provides a customized staffing program designed to reduce labor and management costs and increase workforce efficiency. Stratus technology services ('sts') provides information technology ('it') staffing solutions to fortune 100, middle market and emerging companies. Sts markets its services to client companies seeking staff for project staffing, system maintenance, upgrades, conversions, installations and relocations. The group's quarterly revenue for Jun '07 was 2.08 millions of USD.
